

Home Hardware we are always looking for new ways to serve our customers and help our community.

We have just removed all of the brush and trees, then mulched everything; on our property. We at Home Hardware feel confident that it is a great improvement to our community and will be much easier to maintain. We reduced a fire risk and already feel safer.

Thank You!

Thank-you to all of our customers for your patience with our new shopping arrangements we have put in place. At Home Hardware we are always striving to offer the best service possible in a safe and clean shopping environment. Our staff have been working doubly hard in quickly going throughout the store to retrieve items for customers as we are limiting access to our store.

To Help you keep busy at home until the weather is warm enough to garden we are offering...

20% OFF

all In-Stock Bernat, Caron, Lily and Patton Yarns
Until May 1.

And I just ordered another order of Bernat Alize Blanket yarn that is so popular you just do with your hands and no needles or hooks are needed.

We have a large assortment of sewing notions and I re-ordered elastic that sold so quickly for all those making masks.

Garden Center Opens April 22!

To Celebrate Earth Day!

We have shipments of Trees, Shrubs, annuals, vegetables arriving on a weekly basis throughout the month of May. We will be doing Bulk Onion bulbs in three varieties and will have seed potatoes in soon.
